**This is what students had to say about the quarter system:**

- I love the quarter system. It's great to have just one or two tests to worry about, and then you get a break before you start all over again.
- I really like having only 2 classes per day; it's much easier to stay focused than when you have 5 or 6.

- The quarter system is amazing. I love it and support it fully. It is easier to learn a subject when you have a full 3 hours because it enables you to get into the mindset of the class and allows you to focus on it longer.
- I really enjoy the quarter system because it creates a lot less stress on me to balance many subjects at a time. It suits my learning style to focus on 2 subjects at a time.
- We get lots of time to finish our assignments during class time when there is someone there to help instead of just taking it for homework.
- I really like the quarter system and the two campuses. CCH is probably one of the least sketchy schools in Lethbridge.
